

**CANDIDATE FOR CITY COUNCIL MEMBER  
CITY OF RANCHO CUCAMONGA**

**NAME: REX GUTIERREZ**

**AGE: 46**

**OCCUPATION: Educator, City Councilman**

Walking to the voters and exchanging ideas has always been invigorating to me.

It once took six months to walk the entire city. It now takes three years! I understand your growing frustration with the explosion of development and the congestion it brings.

I am proud to have accomplished 10 of the 16 goals I set as your councilman four years ago. But I still need your support in completing these important proposals:

Creation of a 7,000-acre open space preserve in the foothills above the city; continued synchronization of traffic lights to enhance the flow of traffic; doubling our efforts to wipe out graffiti and prosecute offenders; rejuvenate the older sections of the city; promote privately funded festivals that bring the community together; reduce density and closely scrutinize potential developments that have an impact on our quality of life; more police officers (traffic control) without raising taxes; immediate efforts to complete Central Park and Rails to Trails project; Nordstrom, Trader Joe's, and a new hospital.

I love this city and its people. We may be a bigger city now, but we can still keep that small town feeling. Please give me four more years to complete the dream.
